

# Underwriting Report

## Executive Summary:

The underwriting process for the application submitted by Rajesh Kumar has been completed, and the final decision has been determined based on a comprehensive evaluation of the provided information.

## Key Findings:

- KYC verification revealed discrepancies in personal details.
- Health risk assessment indicated medium risk due to specific factors.
- Financial eligibility criteria were satisfactorily met.

## Risk Assessment:

The applicant's health information and history suggest potential risks that warrant further medical evaluation to ensure accurate risk profiling.

## Recommendation:

Based on the analysis, the application is declined due to unresolved concerns in KYC verification and health risk assessment.
